Here's an exciting bull that you will want to strongly consider. Very suitable to work on heifers; with a 67 pound birth weight and CED & BW both in the top 10% you know they'll come easy! He is as soggy and deep middled as they come. He boasts a 109 weaning ratio, WW & YW are both in the top 25% so his calves will grow good too. Don't miss this one!

Durham 54D is a standout bull. He's got the style and performance everyone is looking for and put it together with a very balanced set of EPD's (10 traits in the Top 20% of the nation). He was in our lead Pen in Denver this year. Very stacked pedigree. He's homo both ways, so every calf will be black and polled!! We think he's a great one, and you will too.

This bull combines power and capacity into one stylish package. He has a thick top and ties his hindquarter deep into his stifle. Deep sided and bold ribbed, all ties into an attractive front third. When he gets on the move he really impresses with the flexibility of his hind leg. He is sure to add muscle and body to his calves, without sacrificing balance and functionality. His sire is a bull from the Ochsner Family that certainly didn't disappoint us with his first calf crop. We will be keeping many replacements out of this bulls sire.

Hunt Mr. Jock 44J
Wulfs Yankee K689Y
Wulfs Soloist 6284S
Hunt Testament 40T
Hunt Xtra Test 128X
Hunt Roosevelt 64U

Hunt 111C has been Jenna's show heifer. She is a Yankee daughter, out of a Testament cow, so proven genetics on both sides. 111C has a phenomenal EPD profile...8 traits in the Top 20% of the breed! AI'd to SYES Backstage 466B. Very excited about this mating. Calf will be homozygous black.

This heifer is super attractive from the side. She is extra long, but doesn't give up any depth or spring of rib. She is level topped and has plenty of power for a heifer. You really appreciate how flawlessly she moves around the pen. Dog gentle and ready to go to a show or get kicked out and be a great replacement female. Out of a Hunt bull that has covered many cows for us over the years, and has consistently put replacements back into our herd.

Limousin Junior Nationals is headed to Grand Island in July 2017 and Dazzle could be very competitive in the purebred division! This double black, double polled heifer is super sound, long necked and feminine. Plus, given her balanced EPD profile, she'll make a great cow when she's finished with her show career!

Attention juniors! The National junior Limousin show is going to be in Grand Island this summer. Here is a heifer that could be competitive for you! In the past years we have exhibited paternal sibs to this heifer at the Classic that were Grand or Reserve champions. Don't miss this good show prospect!

Saturday, February 18th-Saturday, February 25th

Talk about a heifer with some growth look at that 74 WW and 105 YW. She takes that growth and puts it in an attractive extremely feminine package. Super extended through her front with a long deep maternal side. Good structured and ready to make a nice replacement female. Out of one of our main AI sires X-tra Profit who has added a lot of good to our herd in his time.

Don't let the age on this heifer scare you! She is out of a no miss cow who is a broody, maternal powerhouse. We weaned her at 151 days and she weighed 480 lbs! This heifer has Jr. Nationals written all over her, she can be really competitive in that younger division. Massive middle, smooth shouldered, clean necked, and functional in her structure. This one is going to be fun to take down the road. To show our confidence in her, we have retained the right to one successful flush of minimum 6 eggs at the buyers convenience and sellers expense.

ATTENTION JUNIORS...

THE NATIONAL JUNIOR LIMOUSIN SHOW &
CONGRESS WILL BE IN NEBRASKA THIS SUMMER!

Escape to the Island

Juniors Buy a Heifer a the Classic and show at the Limousin Jr. National this Summer!

JULY 1 – 7, 2017
