"Unlocking Higher Potential"

Annual Production Sale

Dear Customers and Friends,

We are excited for you to join us on December 12th, 2026, for our Annual Production Sale. The sale features a high-quality set of higher potential bulls and bred heifers. We feel that this offering truly has us one wrung higher on the ladder of genetic progress we're trying to climb.

You will notice that we have more fall-born yearling bulls in the line-up than ever before. That calf crop, percentage wise yielded us far more male calves than female thus setting the stage for a larger offering of bulls of that age group. We're thankful for the success that the ET flush matings have had in these bulls. It is our hope that you are as pleased with them as we are.

The spring born older bulls are an impressive bunch with loads of muscle, masculinity and style. Top to bottom they are very consistent with an occasional phenotypic outlier that maybe doesn't have quite the wow factor for eye appeal but have made the sale lineup due to our knowledge and belief in the genetics behind them. We take the responsibility of providing a quality product for our customers very seriously and with a great deal of heartfelt desire for you to succeed on a business and personal level. We view it the same way for our operation. Placing a lot of emphasis on R.O.I (Return on Investment) and Q.O.L. (Quality of Life). Making money is great but it should coincide and balance with a lifestyle of aiming for lower stress and higher contentment. Most importantly, linking all these together in our faith and yearning for relationship with God.

The bred heifer offering is as good as ever and with a fun twist as we are not only offering elite Angus bred heifers but also a set of super fancy Red Angus bred heifers as well. Purchased as calves, developed and bred through our heifer development program, we are confident in the consistent quality of these girls. We have appreciated and are thankful for the positive feedback we have had from customers who have purchased bred heifers from us in the past.

We are looking forward to seeing you sale day and catching up on the happenings of things on your end. We hope that you are all doing well.

Thank You,
Kaleb & Erin Kuck

Welcome

Sale Location:
28275 HWY 183
Miller, NE 68858

Sale Day Telephones:
Kaleb Kuck (308) 991-2234
Erin Kuck (308) 991-9650

Auctioneer:
Matt Lowery – (308) 750-6119

Sale Order:
Official sale order will be announced / available sale day.

Terms and Conditions:
Cattle will sell under the suggested Terms and Conditions of the American Angus Association (http://www.angus.org/Pub/suggested_sale_terms.pdf).

Announcements:
Announcements from the auction block take precedence over any printed material.

Herd Health:
All cattle will sell with proper health papers for interstate shipment.

Payment:
All cattle are to be paid for in full, sale day. All payments are to be made to KEY Ranch.

Delivery:
See terms on page 5 for bull delivery.
Bred Heifers - Trucking is the responsibilty of the buyer.

Inspection of the Cattle:
Cattle will be available for viewing at our operation anytime leading up to sale day. Please feel free to come early on sale day, December 12th, 2026 to view the sale offering and enjoy cinnamon rolls and coffee.

DVAuction:
For anyone who is unable to attend; cattle can be purchased sale day through www.dvauction.com an internet site for live cattle auctions. Anyone interested in this option should contact DVauction at (402) 316-5460 for proper instructions or arrangements before the start of the sale.

Storm Date:
Watch for any sale postponement or announcement on our website www.key-ranch.com or you can call or text Kaleb or Erin at the numbers listed above for further information.

Ringmen:
Randy Rasby – American Cattlemen
(308) 539-6195

Chris Beutler – Livestock Digital
(402) 380-8244

Will Harsh – American Angus Association
(740) 272-1386

Cody Nye – Tri-State Livestock News
(308) 760-8588

***Free lunch will be provided sale day, compliments of KEY Ranch.**

Retained Semen Interest

KEY Ranch is retaining a 1/3 semen interest in all of the bulls in this sale offering. The buyer receives their 2/3 semen interest, full possession and full salvage value.

First Year Breeding Season Guarantee

There is a first year breeding season guarantee on all bulls in this sale offering. In the event of an issue(s) arising during the first breeding season we will resolve the matter with a case-by-case approach, by giving our customer(s) two options.

Option 1: Sale credit to be used upon the purchase of another bull from the next KEY Ranch Annual Production Sale. We define sale credit as the original purchase price minus any possible salvage value (salvage value going directly to the customer).

Option 2: A replacement bull from our operation of satisfactory quality, if available.

*Blatant negligence in animal care will be frowned upon.

DNA - Parentage Testing

We're very passionate about the importance of accurate data. We utilize DNA parentage testing by testing every newborn calf each year. This comes at a considerable financial cost as the testing isn't cheap, but we want to be 100% confident in the accuracy of each individual animal's pedigree / lineage. This not only solidifies the trueness of their pedigree but also makes our EPDs all the more accurate as the data (weights, measurements, etc.) that we submit to the American Angus Association are tied to the correct Sire and Dam.

Guarantees:

Bulls:

- All bulls in this sale are either virgin bulls or have tested negative for trichomoniasis.
- All bulls have been selected for structural soundness.
- All bulls have been de-wormed, poured for lice, received 7-Way vaccination, and have been vaccinated against respiratory diseases.
- All bulls have passed a breeding soundness exam provided by Overton Veterinary Services.
- All bulls have been determined by testing or lineage to be free of the following genetic defects:
  - AM – Arthrogryposis Multiplex (Curly Calf Syndrome)
  - NH – Neuropathic Hydrocephalus (Water Head)
  - CA – Contractural Arachnodactyly (Fawn Calf Syndrome)
  - OS – Osteopetrosis (Marble Bone Disease)

Bred Females:

- All Bred Females in this sale offering have been vaccinated for Brucellosis (Bang's Disease)
- All Bred Females have been de-wormed, poured for lice, received 7-Way vaccination, have had the first round of Scour Bos 9, and have been vaccinated against respiratory and breeding diseases.
- All Bred Females have been determined to be pregnant having undergone a pregnancy exam provided by Overton Veterinary Services.

*Any questions regarding the health program of the cattle in this sale offering please feel free to contact Dr. Elliot Linsenmeyer of Overton Veterinary Services at (308)-324-7202.

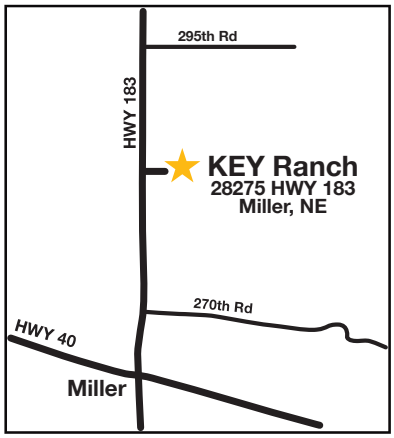

Bull Wintering and Delivery

We are offering free feed and care through delivery for all bulls that sell for $4,000 or more. Wintering is available for bulls that sell under $4000 for $80/month. We will provide this service as another way of showing our gratitude for your support & purchase(s). Also, this allows us to put the finishing touches on developing the bulls, having them in optimum breeding condition upon delivery to the customer, with bull deliveries beginning the first part of March, 2027. Free delivery within the state of Nebraska, $100 per bull delivery charge for states immediately surrounding the state of Nebraska. Areas of the U.S. outside of that we will split delivery costs 50/50 with the customer.

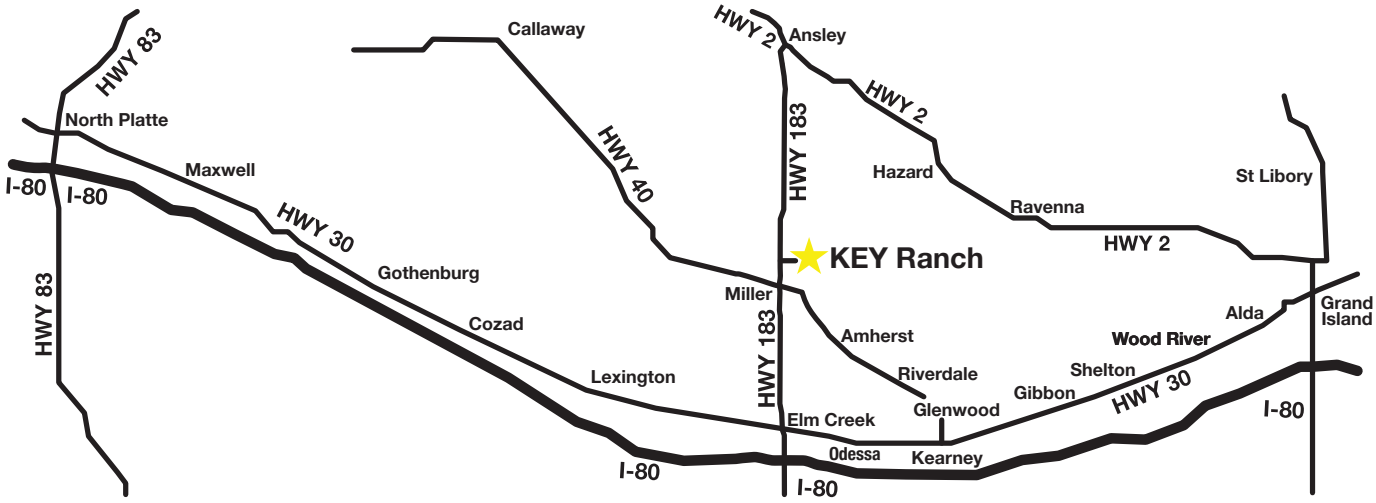

Facilities and people will be available to help load out the bred heifers on sale day or, if needed, within the week following the sale.

In the bull offering we utilized HD50K testing. You will notice their percent rank for each trait shown in the area just above the footnotes. The lower the number the better, the number represents where they rank within the Angus breed compared to other animals that have undergone the same genomic testing.

The commercial bred heifers will sell in groups of 3-7 head. All head must be taken within that group, if purchased. Buyer with top bid has the opportunity to take up to 40 head at which point the bidding will restart.
Whoever wins the bid will be allowed to choose whichever group they want from the KEY Ranch Commercial Heifers. A customer could therefore put together a potload of heifers all due around the same time from being able to grab from several different heifer groups.

Heifers will be pregnancy checked on November 23, 2026 by Overton Veterinary Services.
Buyers have 10 days after sale day to recheck if they deem it necessary. After that day, all liability belongs to the new owner.

All sale heifers have made it through our strict heifer development standards that include culling for poor phenotype, disposition, and feed efficiency.

KEY Ranch - Commercial Bred Heifer Offering

Artificially Inseminated to the following bulls:
Connealy Cornhusker, Woodhill Patent, Bieber Blue Chip, Dahlke Rancher

Natural Service Breeding Exposure to the following bulls:
KEY – Phase One 513N (Lot 10 in this sale offering)
KEY – Phase One 515N (Lot 20 in this sale offering)
KEY – Phase One 554N (Lot 21 in this sale offering)
KEY – Thunder 520N (Lot 64 in this sale offering)
KEY – Constable 587N (Lot 13 in this sale offering)
KEY – Tahoe 5074N (Lot 19 in this sale offering)
LCoC Control B006K

These heifers were purchased as calves / yearlings from three different ranches:
Hemmann Family of Amherst, NE, Gurney Ranch of Burwell, NE, and Hagler Ranch of Arnold, NE

Hemmann Family: We have been weaning their steer calves for them for the past several years. Impressed with both the family and their cattle we approached them about buying their heifer calves.

Gurney Ranch: Long time friends and customers who have purchased a large quantity of bulls from us over the years. Highly reputable family, cowherd and management approach.

Hagler/Z Bar Ranch: We have been working with the Haglers for several years now and greatly appreciate their stockmanship and long-term breeding goals. Great people and great Red Angus cattle.

Lots 77-136 — Hemmann Family Heifers

(Clean up bulls: 513N, 515N, and 554N — 5/19/26 - 6/24/26)
